

To help determine what you would like to do...

Ask yourself a series of questions -

- ◇ In what area(s) am I interested in gaining experience? What do I enjoy doing?
- ◇ What skills do I hope to gain out of a summer experience? What skills can I offer?
- ◇ Would I like to do this domestically or internationally?
- ◇ Do I have the language skills necessary for a successful international experience?
- ◇ How far out of my comfort zone am I willing to go?
- ◇ Do I want to create my own experience, or would I prefer an existing internship or volunteer program?
- ◇ Can I allocate 6-8 weeks over the summer?
- ◇ How much money do I have to contribute to the experience if the cost is greater than a fellowship award?
- ◇ How much money do I need to earn over the summer?
