CLINICAL HIGHLIGHTS

Cardiac Stepdown Unit, Brigham and Women's Hospital - Boston, MA **Month Year - Month Year**

- Monitored cardiac patients on an intermediate care unit, accurately documenting telemetry readings to detect and report cardiac changes promptly.
- Administered medications to patients under preceptor supervision and performed thorough reassessments post-treatment to ensure patient safety and optimal outcomes.
- Tracked patient intake and output to support effective fluid management and reduce the risk of fluid overload complications.

Maternity, Saint Vincent's Hospital - Worcester, MA **Month Year - Month Year**

- Assisted in the care of mothers and newborns by performing vital sign assessments, supporting breastfeeding, and providing patient education on postpartum care.
- Observed labor and delivery procedures, including cervical assessments, pain management administration, and perineal care, collaborating with the team to provide safe and compassionate care.

WORK EXPERIENCE

Notre Dame Healthcare Center - Worcester, MA **Month Year - Present**

Residential Care Assistant

- Support nursing staff by promptly responding to call lights, facilitating resident activities, providing companionship, and assisting residents with non-clinical care needs to enhance overall well-being.
- Communicate detailed patient observations to the nursing team, playing a pivotal role in the prompt identification and reporting of changes in patient health outcomes for timely intervention.
- Promote optimal patient hygiene by educating residents on personal care practices, contributing to a clean, comfortable, and healthy living environment.

Assumption University - Worcester, MA **June 20XX**

Orientation Leader

- Guided new students and families during Orientation, providing insight into campus life to ease their transition to college.
- Facilitated small group activities to foster camaraderie and promote engagement with campus resources.

ACTIVITIES

Nursing Student Association - Assumption University, Worcester, MA **Month Year - Present**

General Member

- Assist with organizing educational events and community service initiatives to promote professional development and community engagement among nursing students.
- Promote nursing student interests and concerns, including advocating for the initiative to support wearing tie-dye scrubs during labs to enhance the nursing program experience.
