7 things for students to do on the virtual career center

As you complete the tasks, check-in with your faculty career counselor or a CPD staff member to discuss your career plans.

- 1 Update your profile and follow a **career community**. Choose one or more of the ten communities to follow for regular updates on industry insights, resources, events, and more. Log-in to the site and click on your name to update your preferences and alert settings.
- 2 Find a resource to help with: grad school, salary negotiation, or to learn about a major. Visit the **Resources** page and filter by topic.
- 3 Check out the latest news and advice from the CPD team and industry professionals. Click on **News** to see the articles and filter by type.
- 4 Let the **Labor Market Insights** tool tell you where the jobs are. Use real life employment data to make informed decisions about your career. Find information by entering a keyword or filtering by industry.
- 5 Find a **professional or student organization** to join. These national and international associations can connect you to professionals around the world, scholarship opportunities, and help you learn about the field.
- 6 Search millions of US job openings from across the web in one place with the **job search tool**. Get started by filling in a keyword, location, or company.
- 7 Keep exploring! You can find the following information and more on the website:
 - Schedule an appointment
 - See a list of upcoming career **events**
 - View career **outcomes** for the class of 2021
