Welcome from CAPD
Deborah Liverman, Executive Director
Welcome to the Family/Supporters page!

Exploration, preparation, and a team that understands how it all works.

MIT Career Advising and Professional Development (CAPD) empowers students to think big picture about their career interests and goals, then supports them through every part of the journey, from research, resumes, and career fairs, to interviews, job offers, and salaries. Watch the [CAPD Orientation](https://capd.mit.edu/channels/family-supporters/) to learn how our office can help your student explore careers and prepare for internships, jobs, and graduate school. Learn more about our [programs and services](https://capd.mit.edu/channels/family-supporters/) and meet [CAPD staff](https://capd.mit.edu/channels/family-supporters/).

Parents and supporters are integral navigators

Parents and supporters have a special role in navigating students to resources during their time at MIT that will help as they discover their career interests and gain experience to verify that those are career paths they wish to pursue in the future. Review [this video series](https://capd.mit.edu/channels/family-supporters/) to hear additional ways that parents and supporters can assist students in career exploration.

Supporting your student during the first year at MIT

At MIT, supporters, families, and parents can help first year students explore and prepare for their future careers by

Supporting your student beyond the first year

Access this presentation for family & supporters to understand how CAPD helps your first-year student at MIT.
Our mission

We empower students, postdocs and recent alumni to explore their life and career goals by helping them to develop core competencies and build professional networks.

Watch the CAPD introduction video to learn more.

Supporting students’ career interests

View our Career Interest pages for more information on how we support students, graduates, and postdocs.
Affinity/identity career resources

Think about how identity affects the career process as we provide support.
Overview of first year programming

Kendel Jester
Assistant Director, Early Career Engagement
First year career support at a glance

Orientation Programming
Both through partnerships with other programs (through FPOPs) and through direct programming, CAPD provides an introduction to first years about career resources.

First Year Newsletter
This bi-weekly newsletter to all first years shares information on upcoming events, career resources, and internships as well as opportunities to support their career development.

MIT Future Programs
Offered alongside programming for the Fall Career Fair and the Career Exploration Series, the Me in the (MIT) Future series covers professional primers, workshops, and panels.

Launch Into Spring
From the Independent Activities Period (IAP) in January through early Spring, Launch into Spring provides support to first years headed into their first summer experience.
Additional career support from CAPD

One-on-One Advising
Offered by career advising staff and peer career advisors (PCAs), we can meet with your student on topics from career/major exploration, internship searches, resumes, to career planning and beyond.

Workshops & Events
Throughout the year, CAPD offers in-person and virtual events to all students and postdocs, and we have employers who offer events including office hours, site visits, and resume reviews.

Career Exploration & Fairs
Career exploration is a main focus in the fall, with a Career Exploration Series and the Fall Career Fair, with many supports available to first year undergraduates offered throughout.

IAP & Micro-internships
The Independent Activities Period (IAP) also has alumni and employer-sponsored micro-internships that provide students a project-based opportunity to develop their skill set and build experience.
Overview of student outcomes

Francis Borrego, Senior Assistant Director
Next intended activity after MIT

Students graduating from MIT are well positioned for life-long career success.

For those pursuing further education:

- 56% continue on at MIT
- 35% pursue a PhD or ScD
- 43% pursue an MEng degree
- 7% pursue MD or MD/PhD joint program

For students seeking employment:

- 96% found employment within 3-months of graduation

Seniors
Class of 2023
n= 517; 52% response rate

- 43 % Grad School
- 9 % Other
  *Other: PostBac, Distinguished Fellowships, Travel
- 49 % Employment
