"Interning at @sweetwaterstudios has been AWESOME! One of the coolest experiences I had was to meet and work with some of the artists that I grew up listening to as a kid in India years ago. I've also been blessed to work with a veteran crew of live production engineers over the past two months and they are so kind, hilarious, knowledgeable, and helpful. I've learned a lot about live sound and music from them and I've been using that knowledge in my own music production. I also hope to apply it to productions in Berea when I get back!" -Nathan Jose '20 studying Music & Computer Science #bereaintern #beyondberea - with @beyondberea
