

IN THIS MAJOR YOU'LL LEARN TO:

- Have a good understanding of the basic topics, history, and methods of philosophy
- Understand how philosophical analyses and theories are developed, defended, and used
- Understand and use methods of logical analysis; recognize, evaluate, and correct the logical structure of reasoning in philosophical work on both historical and contemporary issues
- Interpret, analyze, and evaluate philosophical texts; identify, analyze, and evaluate the philosophical content in other kinds of writing
- Write good analytical and persuasive essays using philosophical argumentation

And so much more! Faculty and advisors are here to help you get the most out of your program and how it may apply to different career paths

TOP SKILLS EMPLOYERS WANT:

Teamwork
Critical thinking
Analyze + interpret data
