

Congratulations!

We are excited to extend an offer to participate in a College Specialty Program! This program will be a wonderful opportunity to learn more about various careers in healthcare. We are confident it will be a very rewarding experience!

Students accepted into this program will need to attend a mandatory orientation after completing the outlined materials. **All materials listed below are to be completed and returned to [volunteers@sluhn.org](mailto:volunteers@sluhn.org) by 4 pm on the listed due date.**

✦ **Please go to [www.slhn.org/collegeprograms](http://www.slhn.org/collegeprograms) and complete the following:**

- **Step 1a & 1b:** Read both education/orientation materials and complete both post-test.
- **Step 2a & B:**
  - 2a. Complete the required background consent, clearances, child protective services & privacy statement
  - 2b. complete and return the original criminal clearances.
- **Step 3:** Complete the Health History Requirements
  - Provide the Health History Form to your doctor's office for completion or provide an up to date immunization history.
  - *Take the included Lab Script to St. Luke's Outpatient Testing for the TB Blood Test. Volunteers will be responsible for all fees if tested at a non-St. Luke's facility.*
  - Complete the TB Questionnaire & Health Acknowledgement/COVID screening form.
- **Step 4:** Complete the registration form

✦ **Scan/email the following paperwork to [volunteers@sluhn.org](mailto:volunteers@sluhn.org) by December 15<sup>th</sup>, 2022**

- Criminal Clearances
- Immunization History
- TB Questionnaire
- Health Acknowledgement Form
- College Student Background Consents, Clearance, and Child Protective Services Form

Please email [volunteers@sluhn.org](mailto:volunteers@sluhn.org) with any questions. We look forward to teaching you about healthcare careers!!

Sincerely,  
Volunteer Services  
St. Luke's University Health Network
