CAREER DEVELOPMENT & VOCATION

Augustana College
What talent or potential do you have that is not fully realized at your current job?
What single activity at work, if you could do it every day, would most increase your appreciation of and success at your current job?
What's something you believed earlier in your career but think about differently now?
Is there a certain person who inspired your work? If so, why?
Since we last met...

Do you have any thoughts or observations to share related to the first session?

Did anyone have a chance to try out the EXPLORATION Signature Activity: Exploration Activity?
