

What are Transferrable Skills

Transferable skills, also known as soft skills or portable skills, are abilities and qualities that can be applied and utilized across various jobs, industries, and life situations. These skills are not specific to a particular job or task but can be transferred and adapted to different roles. Transferable skills are valuable because they demonstrate a candidate's versatility and ability to succeed in diverse work environments.

Some common transferable skills include:

Leadership

Communication

Time Management

Problem-Solving

Teamwork

Adaptability

Creativity

Critical Thinking

Decision Making

Organization

Research

Attention to Detail

Project Management

Negotiation

Customer Service

Conflict Resolution
