The questions contained in the 2024 AMCAS application are listed below and, where possible, selection choices are also provided. Unless otherwise noted, all questions require a response. *Items in blue are explanatory notes.*

**Beginning May 2, 2023, you may initiate your 2024 AMCAS application at [www.aamc.org/amcas](http://www.aamc.org/amcas).**

This resource is designed to help you prepare your materials for the 2024 AMCAS application but does not replace the online application.

**DO NOT SUBMIT THIS RESOURCE.**

## New Features of the 2024 AMCAS Application

### **The 2024 AMCAS application has the following new features to highlight:**

- The Work/Activities section has a new experience type called "Social Justice/Advocacy."
- The self-reported "Disadvantaged Status" question has been replaced with "Other Impactful Experiences," with new corresponding help text.
- A dropdown has been added within the Institutional Action question to include selections for "Conduct," "Academic," or "Both."
- An optional field has been added to indicate an upcoming AAMC PREview<sup>®</sup> exam and its date.
- The "Other" labels for Pronoun and Gender Identity have been updated to "Another Gender Identity" and "Another Pronoun Set."
- Additional text was added to the essay prompts and certification statement to provide clarifying language around essay submissions.

### **If you are a reapplicant, here are additional instructions on how to review and update your application with these changes:**

- Work/Activities entries will roll over, and now you have the option to enter any "Social Justice/Advocacy" experiences.
- If you previously responded to the "Disadvantaged Status" question, the answer ("Yes" / "No") and essay will roll over but should be adjusted as needed to fit the new question of "Other Impactful Experiences."
- The "Yes"/ "No" selection for Institutional Actions will roll over, and now you must select a category from the dropdown.
- The optional field for upcoming AAMC PREview<sup>®</sup> exam dates is a new field and therefore did not roll over.
- If "Other" labels for the Pronoun and Gender Identity selections were previously selected, they will automatically be updated to the "Another Gender Identity" and "Another Pronoun Set" labels.

### Other Impactful Experiences

*This question is designed to help promote holistic review by providing admissions officers with a snapshot of applicants' lived experiences. In addition, the question is designed to give applicants the opportunity to provide additional context about the challenges they may have experienced during their lives. It is intended for applicants who have had impactful life experiences and faced or overcome challenges in various areas such as family background, financial background, community setting, education, religion, or other life experiences. [Learn more about the background of this question.](#)*

To provide some additional context around each individual's application, admissions committees are interested in learning more about the challenges applicants may have overcome in life. The following question is designed to give you the opportunity to provide additional information about yourself that is not easily captured in the rest of the application.

Please consider whether this question applies to you. Medical schools do not expect all applicants to answer "yes" to this question. This question is intended for applicants who have overcome major challenges or obstacles. Some applicants may not have experiences that are relevant to this question. Other applicants may not feel comfortable sharing personal information in their application.

**Have you overcome challenges or obstacles in your life that you would like to describe in more detail? This could include lived experiences related to your family background, financial background, community setting, educational experiences, and/or other life circumstances. ## Coursework

*You must enter all the courses you took at each school. Prior to entering coursework, you are encouraged to [watch some brief tutorials](#) to help guide you through the process of entering your coursework.*

In this section, applicants enter all courses in which they have enrolled, regardless of whether credit was earned, for each of the schools attended. Including any course(s) ever enrolled in at any U.S., U.S. Territorial, or Canadian post-secondary institution, regardless of whether credit was earned. This includes, but is not limited to:

- Courses from which the applicant withdrew.
- Courses for which they received a grade of “Incomplete” and for which no final grade has been assigned.
- Courses that have been repeated; Repeated courses and courses removed from the transcript or GPA as a result of academic bankruptcy, forgiveness, or similar institutional policies should be entered exactly as they appeared on the transcript issued prior to removal/repeat.
- Courses that were failed, regardless of whether they have been repeated.
- Courses in which they are currently enrolled or expect to enroll in prior to entering medical school.
- Remedial/developmental courses.
- College-level courses you took while in high school even if they were not counted toward a degree by any college.
- Courses taken at an American college overseas.
- Courses removed from a transcript or GPA as a result of academic bankruptcy, forgiveness, or similar institutional policies.

### Applicants Must:

- Enter courses exactly as they appear on the transcript of the school where they were originally attempted, not as they appear on the transcript of any school which may have accepted the courses in transfer. Only specific types of special courses qualify for an exception to this rule.
- Enter courses in chronological order. Within each term, list the courses in the order in which they appear on the official transcript.

### Add a Course

*You will be asked to enter coursework for each of their academic institutions.*

*Transcript Grade and Credit Hours are required fields to complete if the information appears on your official transcript.*

*In certain cases, it may be appropriate to leave these fields blank. You should review the Coursework section of the [AMCAS Applicant Guide](#) for more information. Failure to include required grades and credit hours may result in application processing delays, missed deadlines, and lost application fees.*

## Work/Activities

*The Work and Activities section is designed to give you the opportunity to include in your application any work or extracurricular activities that you would like to bring to the attention of the medical. You will be able to add up to fifteen (15) entries and will be prompted to summarize each experience in 700 characters. Refer to [this guide](#), which provides instructions for entering “Completed” and “Anticipated” experience hours.*

*As part of this process, you will be asked to identify up to three (3) experiences that you consider the most meaningful. If you have two or more entries, you will be required to identify at least one as the most meaningful. When considering which experiences are the most meaningful, you might consider the transformative nature of the experience: the impact you made while engaging in the activity and the personal growth you experienced because of your participation.*

*After the required information is entered, you should check the box to select this experience as one of the “Most Meaningful.” An additional 1325 characters are available to summarize why this experience has been selected as one of the most meaningful.*

*Note: There is now a new experience type called “Social Justice/Advocacy.” This new category will allow applicants to highlight these types of activities. A social justice/advocacy experience is one in which an applicant worked to advance the rights, privileges, or opportunities of a person, group, or cause. Possible examples include (but are not limited to): registering people to vote, climate activism, advocating for civil rights, decreasing health inequities, addressing food deserts, building awareness for a particular cause or health condition, advocating for vulnerable populations (children, homeless, etc.), and assisting with policy change or development. [Learn more about the development of the Social Justice/Advocacy experience type.](#)*

For each experience entry, applicants can choose the experience type that best describes each experience.

- Applicants may submit their application prior to letters being received by AMCAS.
- Letter deadlines are established individually by each medical school, so applicants should check their websites for deadline dates.
- Letters sent to AMCAS cannot be released to applicants or letter authors under any circumstances, and are provided only to medical schools that are participating in the AMCAS Letter Service.
- Re-applicants should note that letters received by AMCAS do not rollover to later application years, so advise letter authors to keep a copy of their letter.
- The AAMC publishes a list of guidelines for letter of evaluation authors. A link to the guidelines is on the Letter Request Form applicants will provide to your letter authors.

*\*Applicants must contact schools that do not participate in AMCAS Letters to determine their letter of evaluation requirements. AMCAS will not forward your letters to these schools. [See the list of Participating Schools and Deadlines.](#)*

Applicants can watch ["How to Add Letter of Evaluation Entries & Assign them to Medical Schools" Tutorial](#)

**Note:** Letter writers must send applicant letters through AMCAS, if an applicant is applying to one or more schools participating in the AMCAS Letters Service.

### *Add a Letter of Evaluation*

Applicants must create one letter entry for each Committee Letter, Individual Letter, or Letter Packet being sent to AMCAS. Most medical schools participate in the AMCAS Letter Service. Please review [additional information about letters of evaluation.](#)

Many medical schools determine whether or not an applicant has met their letter of evaluation/recommendation requirements by the type of letters they receive in support of an application. For example, a medical school may require a committee letter OR three individual letters in support of your application.

[Please review the AMCAS Applicant Guide](#) for more information about Letters of Evaluation.

**Please identify the type of letter you wish to enter. If you are uncertain as to the type of letters provided by your school/institution, please ask your pre-health advisor or career center prior to answering this question.**

*Committee Letter:*

A committee is a letter authored by a pre-health committee or pre-health advisor and intended to represent your institution's evaluation of you. A committee letter may or may not include additional letters written in support of your application. A Committee Letter is sometimes called a composite letter.

*Letter Packet:*

A packet or set of letters assembled and distributed by your institution, often by the institution's career center.

*Individual Letter:*

An individual letter refers only to a letter authored by, and representing, a single letter writer. If you have already included an individual letter within either a committee letter or letter packet, you do not need to add a separate entry for the individual letter.

*You are encouraged to select a meaningful Letter Title, as you may need this title later to identify a letter. For example, if this letter were from the University Of X, with a primary contact of John Doe, and you intend to have this letter sent only to MD/PhD programs, you might create a title of "UX\_Doe\_MD\_PhD."*
