

San Antonio is ranked as the 4th largest manufacturing industry in Texas with diversity and representation from every major sector of manufacturing, according to San Antonio Economic Development Foundation. San Antonio Manufacturers Association is celebrating Manufacturing Day on **FRIDAY, OCTOBER 7TH!**

Companies such as Munters and Aspen Beverage Group are eager to showcase today's advanced, high-tech manufacturing workplace, explore amazing career opportunities and explain how manufacturers, educators and civic leaders are working together to nurture the manufacturing industry of tomorrow. Educators and students will explore how advanced manufacturing can lead to promising career pathways.

Please join us as San Antonio Manufacturers Association hosts these companies for plant tours and informational sessions. Do not miss this opportunity to see how companies have brought advanced technology into the 21st century.

16900 Jourdan  
Selma, Tx 78154  
9 am - 11 am

7015 Fairgrounds Pkwy
