Registering for a Credit Experience

You can request to receive credit for an experience or complete one on your own. To request credit:

1. Discuss course options with your Academic Advisor.
2. Review your Department website for a research/internship request form and identify a faculty advisor to supervise your experience.
3. Identify the research/internship that you are interested in participating in and complete the research/internship request form.
4. Connect with the Student Success Center and the University Career Center for search and preparation assistance.

When should I start?

Finding and securing an experience is a process, so **start early**! Begin your search at least 6-8 months prior to when you want to participate in the experience. This will give you time to register for the course or apply for the experience if necessary. Remember, the Student Success Center and the University Career Center are available to help you along the way!

How can I be successful during my experience?

1. Identify what you want to accomplish during your experience. Do you want to gain skills? Knowledge? Review marketable skills that are beneficial for your major.
2. Set 2-3 SMART goals and share them with your supervisor.
3. Be professional at all times. Confirm attire & communication expectations.
4. Express enthusiasm and passion in your work and go the extra mile by volunteering for projects.
5. Spend time developing professional relationships with colleagues. Experiences can often lead to additional opportunities within your network.
6. Keep track of your activities and accomplishments. Maintain open communication with your supervisor on progress of goals and areas of growth.
7. After your experience, reflect on what you learned and add it to your resume. What marketable skills did you gain from your experience? How will you use those skills in the future?
8. Thank your supervisor for their support and stay in touch with network contacts.
