Communications Intern

Morrison Container Handling Solutions is seeking a Communications Intern to join our communications team. Candidates with customer-centric communications and marketing interest should email resumes to: employment@morrison-chs.com.

KEY RESPONSIBILITIES

- Create customer-facing documentation for our projects, including taking and editing product videos and drafting user manuals
- Manage and evolve social media accounts
- Update YouTube account, identifying key ways to target our customers through use of video
- Design advertisements for digital and print publications
- Deliver quality product videos for our various product lines, evaluating and updating video methodology
- Own safety manual project
- Work with communications manager to write email marketing and website copy
- Aid communications manager in automating the manual documentation process
- Audit website for content updates
- Assist communications manager with other marketing and communications projects as needed

QUALIFICATIONS

- Pursuing bachelor’s degree in communications, journalism, marketing, or related field
- Strong writing and organizational skills
- Desire to work with cross-functional teams and aptitude to collaborate in a fast-paced environment
- Ability to demonstrate interest in learning our industry and mechanical aptitude
- Basic knowledge of Microsoft Office Suite and Adobe InDesign or Photoshop required
- Knowledge of Adobe Premiere or similar video editing software preferred but not required
- Desire to learn an interesting field and work in a fast-paced environment while having a hand in all aspects of corporate communications
- Attitude: Strong desire to succeed as part of a team; interest in contributing to a positive company culture; willingness to persist until the job is done right for the customer and embrace the Morrison “Support Built In” philosophy
- Communication and Problem Solving: Ability to identify problems and review related information with colleagues to develop and evaluate options and implement solutions
- Reliability: Ability to consistently meet deadlines with accuracy
