Getting Great Clinical Exposure – Wednesday 4/3 2:30-3:00

Strong applicants to professional schools can demonstrate that their chosen profession is a good fit with their skills and interests. This workshop will explore how to get the kinds of professional- and patient-facing experience that they need to be ready.

Pre-Health Course & Major Planning – Friday 5/3 1:30-2:00

This workshop will explore how students can coordinate their coursework needed for their degree with the pre-requisites needed for health professional schools.

Pre-Health Small Group Coaching

Personalized support from a career coach with the added benefit of learning from your peers!

- How to demonstrate that a profession is the best fit with one’s skills & interests: Monday 4/8 2:00-2:30
- How to complement Pre-Health coursework with co-curricular experiences: Tuesday 4/23 11:30-12:00
- How to develop & demonstrate leadership in your chosen health profession: Wednesday 5/1 1:30-2:00
- Zoom Virtual Session on supporting alumni in the application process: Wednesday 5/8 2:30-3:00

Health Professional School Application Labs

These workshops will focus on how to make each piece of the Health Professional School application work as hard for you as it needs to. Students are encouraged to bring a draft of application materials to receive peer feedback.

- Application Lab 1: Writing about your Activities – Wednesday 4/17 2:00-3:00
- Application Lab 2: Writing your Personal Statement – Wednesday 4/24 1:30-2:30
- Application Lab 3: Getting Great Letters of Recommendation – Thursday 4/25 3:00-4:00
- Application Lab 4: Demonstrating Fit with Target Schools – Thursday 5/9 2:00-3:00
