

ENGAGE WITH STUDENTS

Connect with Young Talent.

SCHOOL OF
PUBLIC HEALTH
Office of Career Services

As you prepare to connect with our students, here are some ideas to get you started. These can be done face-to-face or adapted to for a virtual experience. Feel free to be creative in using these guidelines or come up with ideas of your own. As always, we're here to talk things over and brainstorm with you.

A DAY IN THE LIFE AT YOUR ORGANIZATION

Have alums offer insight into the company and their career path from the perspective of someone walking the same path.

MOCK INTERVIEWS

Provide students the opportunity to practice their interview skills while providing feedback.

EDUCATIONAL WORKSHOPS

Provide a glimpse into the real world through interactive training and practices such as sales combine.

CAREER CONVERSATIONS

Schedule informal meetings with up to four students for half an hour. Interact with students on a more personal and professional level.

TOOLS WORKSHOP

Discuss and practice skills sought by your industry such as communication, professionalism, leadership, teamwork, critical thinking, etc.

PRACTICE NETWORKING

As students arrive via Zoom, have them join a company representative to practice networking. As more students arrive, begin additional groups. Teach students how to step out of a group and into another and provide feedback throughout the process.
