RESUME VALUE

The resume is meant to convey to an employer or graduate program that you are the right candidate and are capable of doing the job based on your past experience, skill set, and accomplishments.

The athletic training resume, if done effectively, will include these consistent elements:

- Education section
- Detailed athletic training program experience
- Certifications
- Professional affiliations

RESUME TIPS:

- Avoid abbreviations, slang, acronyms, personal pronouns (I, me, my), and jargon
- Exclude personal information (i.e. religion, birthday, photo, etc.)
- Proofread to ensure it is error-free
- The majority of athletic training resumes are two pages in length

BEFORE YOU START

CREATE A MASTER RESUME

Write down everything you have done since coming to IU. Reflect back on all interactions with athletes, teams, or organizations. List everything including volunteer experience, internships, shadowing, jobs, relevant coursework, student clubs or groups, and study abroad.

START YOUR RESUME

PULL TOGETHER THE PIECES

Create an education section and potentially computer skills, foreign language or additional sections. Begin creating “experience blocks”, consisting of organization/company, job title, location, dates and accomplishment statements.

TAILOR FOR THE POSITION YOU WANT

REFER TO THE JOB DESCRIPTION

Read the job description making note of skills or traits mentioned. Make a list of the skills you would like to highlight through your resume. The resume on the next page is an example of a tailored resume.

MORE TIPS

APPEARANCE MATTERS

Spend time formatting your resume by integrating bold and italics appropriately and using punctuation consistently. Appearance make the first impression. Use the Resume Template Option available on the Career Services Resources webpage.

SKILL VERBS

Use tense specific action verbs to begin each bullet point. Diversify your action verbs to convey several transferable skills and to align with the position. Utilize the Action Verb Handout available on the Career Services Resources webpage.

ACCOMPLISHMENT STATEMENTS

Create bullet points that highlight accomplishments and contributions made rather than tasks completed. Bullet point formula: Action verb + what + how + why/result

REFERENCES

A separate page.

References should be formatted on a separate sheet from the rest of the resume, although the resume and references will often be submitted at the same time. Your reference sheet should begin with the same contact header you have used on your resume. For each reference, be sure to include the following information: name, title, organization they currently work for, work address, work phone, and work email.

Be sure to select professional references. This list should include your past supervisors, certified Athletic Trainers you have worked under, and faculty members you have a strong relationship with who can truly speak to your abilities. Typically, you will be asked to submit 3-5 references. List your references either in the order you would like them to be called or alphabetically. If you are applying for a graduate program, you will be asked to submit letters of recommendation. Follow the directions of the employer or the graduate school on the application when determining when to submit your references.
