

CompTIA and TestOut Student Discounts

Overview:

One of the benefits SNHU offers its students is the ability to access certification preparation materials at a reduced cost. Students can:

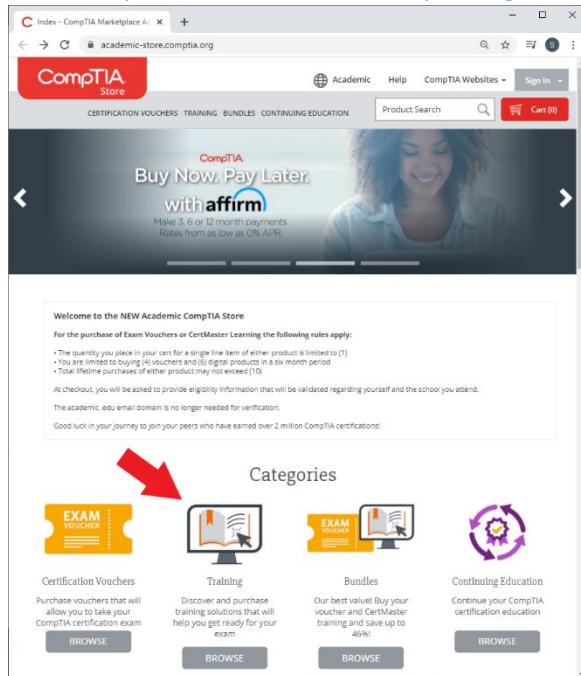

- Receive discounted vouchers for [CompTIA](#) certification exams
- Purchase access to certification preparation materials from [TestOut](#)

6. Students must select their institution from the dropdown list (they can simply enter a few characters of the school's official name to begin) and enter their date of birth. Students will also be asked for a document that displays their name, name of institution, and a timestamp within the last three months. We recommend that students use one of the automated transcripts or the program evaluation page.
