"My meeting with Dan Sharpe was FANTASTIC! He really steered me in the right direction in terms of finding a job and being specific about what I want in my career. He also informed me that the fundraising/community fundraising job market is very competitive, so he urged me to start applying now."

STUDENT TESTIMONIALS

"Talking with Alumni Partner Kristen Lear was eye-opening and profound. As a student, thinking about life after OWU can be extremely daunting. But talking with Kristen and hearing her own story reassured me that whatever path I go down, I will get to where I need and want to be. Alumni Partner's are a wonderful resource available to students and if you are feeling nervous about the future like I was, I strongly recommend connecting with one!"

STUDENT FEEDBACK

I learned the importance of reaching out to those who have been in my shoes and how to conduct an informational interview!

Through Alumni Partners, I was able to develop a deeper awareness of medicine through shadowing my alumni mentor. With this partnership, I was able to build further connections and I now do research for The Ohio States Urology Department.
