End of Year Remarks From RCC Director of Graduate Services

This has been a unique semester and I want to start out by thanking everyone for their patience, adaptability and understanding. While hiring is down and the marketplace has become increasingly more competitive, we are encouraged by your perseverance and commitment to your career development.

We've seen a near 40% increase in student appointments this past fall.

We've also seen some amazing placements occur during one of the most trying economic periods we have faced; your classmates are heading to Microsoft, JP Morgan, Deloitte, EY, USAA, Key Bank, ConocoPhillips, Intel, KPMG and Dow to name a few. Please continue to let us know of your amazing accomplishments.

While much uncertainty remains, one thing is for sure and that is virtual recruiting is here to stay. We remain committed to offering you experiences with employers, and have some great events lined up for Spring including an MBA/MS only networking event with employers, Focus Friday events with C-Suite level executives, along with company information sessions and virtual company treks.

The job search process is emotional, time consuming and sometimes downright frustrating. We are here to help you through every step so do not hesitate to reach out to your career counselor today.

I wish you and yours a restful and healthy holiday season. Here's to a great 2021!

Best,
Kelly Collins
