Ms. Carolyn Johnson
Human Resources Director
Employer Name
1234 Street NW
City, State Zip

Dear Ms. Johnson:

Thank you for considering me for your Project Manager position. One element that impresses me about your company is your commitment to being the market leader in the design and manufacture of compact equipment used in the construction industry. Another element I am drawn to is that you are a global company with engineering projects sourced in North Dakota and in other countries around the world. This aligns well with my work experience and career direction.

I graduate this May from North Dakota State University with a Bachelor of Science Degree in Electrical Engineering. My course work has provided me with a broad spectrum of technical theories and applications. In addition to my courses, I have worked as an Electrical Engineering intern for (insert company name) in Alexandria, MN the past two summers. My work included designing and installing equipment, which lent a hand in improving my attention to detail and time management skills. I also consulted with engineers and technicians when developing designs and modifications for the lock-out/tag-out safety procedures, which enhanced my presentation and communication skills. As a result of my designs, the plant's electrical generation efficiency was increased as well as the overall plant safety rating. My time spent focusing on these aspects was also a big contributor to the company's goals of making a safe and efficient environment for all those involved.

I am confident I could use these same skills to enhance your company's mission. A copy of my resume is enclosed for your consideration and I look forward to discussing my qualifications with you in person. Please feel free to contact me at 701.555.1212 or at first.last@ndsu.edu to schedule an interview at your convenience.

Thank you for your time and consideration.

Sincerely,

(Signature)
