

Small class sizes, caring faculty and affordability. NDSU Nursing at Sanford Health in Bismarck offers a nationally accredited program — providing excellent education and exceptional value.

We admit students into our pre-licensure program in both spring and fall semesters. The program is designed for high school students considering a nursing career or first-year college students looking at transfer options.

RECEIVE INDIVIDUALIZED ATTENTION

With a student/clinical educator ratio not exceeding 8-to-1, you'll receive personalized attention and will be working closely with your professors, especially during your clinical experience phase.

“One of the biggest pros of coming to Bismarck is its small size and they really care if you succeed.”

– Anna Koch, current nursing student

TAKE ADVANTAGE OF PRIORITY CLINICAL PLACEMENT

NDSU Nursing is located on Sanford Health's Bismarck campus, just steps from where you'll apply what you learn to real-world settings. Our students enjoy priority placement within the Sanford system for clinical rotations.

PREPARE FOR YOUR FUTURE

What nurses do every day can make a difference for patients, families and their communities. Nursing careers offer opportunity, flexibility and many options to help make an impact in your profession. Whether you plan to work in a hospital, clinic, nursing home, public health, home health, hospice, private practice or another career setting, we provide a quality, accredited program to help you reach your goals.

“I wanted to be in something where I could be hands-on and make an impact with the people I take care of. I felt nursing provided that.”

- Willette Nganje, 2018 nursing graduate

“I was looking for a school that was more student oriented, a school that would provide me the opportunity to learn and challenge myself.”

- Eric Appiah, current nursing student

FIND ADVANCED LEARNING OPTIONS

At NDSU School of Nursing at Sanford Health in Bismarck, faculty members provide current methods that offer hands-on learning and additional opportunities to fit your needs. Here you'll find:

- Simulation Labs to gain skills and practice nursing scenarios as part of team-based patient care
- Skills Lab to refine your hands-on knowledge
- Health Assessment Lab to learn how to interview and assess patients
- Access to convenient clinical rotation areas
- Accredited program recognized by employers
- Student groups to engage with others in your program
- Community outreach opportunities
- Nursing library and student study areas
- Opportunities for self-funded global nursing experiences abroad
