STUDENT REQUIREMENTS for the INTERNSHIP PROGRAM

- Complete the Mid-Term Self Evaluation
- Complete the Final Self Evaluation
- Ensure your supervisor completes the Final Employer Evaluation
- Complete any additional assignments
WHAT ADVICE WOULD YOU GIVE TO A STUDENT WHO IS IN THE PROCESS OF APPLYING TO AN INTERNSHIP?

"My advice would be to not get discouraged if you get companies telling you no. I applied for several opportunities prior to receiving my position with Bobcat. And all the companies that told me no, I couldn’t be more grateful of because I know that I am now in the best place possible for myself. I couldn’t see myself interning anywhere else!" - Hunter McMullen

"Networking is the key. Let all your connections and faculty know that you are available and interested in internships or co-op."
- Manisha Maharjan

FROM YOUR NDSU INTERN TEAM

The CAC offers so many services that are relevant to all students here at NDSU, no matter year in school or degree level. We have some of the most passionate staff on campus who are ready to help students AT ALL TIMES!

- Allison Goossens, Assistant Director, Internship Program

Housed in the Career and Advising Center, our main goal is to support students and employers to solidify connections that form valuable internship opportunities.

- THE INTERNSHIP TEAM -
“Intern Night” was hosted by the Career and Advising Center (CAC) on the campus of NDSU as a way to both commemorate students who completed an internship through the center during the summer of 2019, as well as an opportunity to introduce new students to the idea of what an internship might look like.

Students use their team-building and communication skills to win the challenge.
