RELEVANT EXPERIENCE

National Park Service, Tulelake, CA

06/20xx-Present

Social Media Manager and Interpretation

- Develop and conduct various interpretive ranger programs throughout Lava Beds National Park to facilitate learning and engagement with different historic and scientific features.
- Manage the redevelopment and execution of social media strategy and outreach projects.
- Research contemporary and historical information on the sites in order to curate engaging and informative posts for social media accounts for Lava Beds National Monument and Tule Lake Memorial.
- Monitor the Visitor Center and assist guests with White Nose Syndrome screening, permits, transactions, and park information.

Turtle Survival Alliance, Cross, SC

06/20xx-09/20xx

Turtle Conservation Center Intern

- Provided high standards of animal husbandry to a diverse group of critically endangered chelonians.
- Monitored animal health, maintain accurate records, and clean animal areas.
- Propagated chelonians, which includes egg care and incubation.
- Participated in outreach events and regularly give public tours of the facility.

Common Tides Education, Denver, CO

9/20xx-06/20xx

Intern

- Devised novel curriculum on mountain and ocean water systems, riparian ecosystems, and conservation efforts to teach at the Rocky Mountain School of Expeditionary Learning.
- Maintained and organized contact information, outreach, and basic accounting details for the Common Tides team.
- Organized a number of service-learning activities for students, including the cleanup of South Platte River on Earth Day.

Denver Urban Gardens, Denver, CO

6/20xx-09/20xx

Volunteer (seasonal)

- Assisted in setup and maintenance of community gardens in the Denver area.
- Aided in establishment at the beginning of each season through measuring and assigning plots, turning the soil, and supporting the construction of irrigation systems.
- Provided regular programming to the public on topics such as urban farming and food access.

Clemson University Youth Learning Institute, Summerton, SC

06/20xx-09/20xx

Outdoor Education Instructor

- Managed and supervised up to 20 adolescents each day.
- Taught students principles of outdoor activities such as survival skills, orienteering, hiking, and backpacking for extended lengths of time.
- Developed curriculum and taught an elective related to natural resource conservation.
