

DREAM Internship Program

This program provides training and educational opportunities to encourage the pursuit of biomedical careers.

The paid, 10-week program runs from June 3 - August 9, 2024 and allows interns to engage in hands-on, mentored research.

Program Requirements

- College sophomore, junior or senior
- Minimum 3.0 GPA
- Full-time student not enrolled in concurrent courses during the internship

** Individuals from under-represented groups are strongly encouraged to apply.*

You Will Receive

- Paid internship stipend
- Exposure to multiple cancer research disciplines
- Mentoring by fellows and faculty members
- Peer engagement opportunities

**Application Deadline
April 1, 2024**
