

# CENTER FOR CAREER DEVELOPMENT SERVICES FOR INTERNATIONAL STUDENTS

*The resources and staff support international students in their career preparation and job search*

1

## VISIT THE INTERNATIONAL AFFINITY COMMUNITY PAGE

The International Student Affinity Community page connects international students with fellow students and alumni. Features of this Community include jobs and internships, upcoming events, networking, latest news, UConn campus resources, and relevant national organizations.

2

## SEARCH FOR JOBS & INTERNSHIP OPPORTUNITIES

Handshake is the Center's recruiting system for managing many of the recruiting-related activities we offer to students. Use Handshake to find job opportunities, internships, and on-campus interviews posted by employers looking to hire UConn students.

3

## MEET WITH A CAREER COACH

Coaching sessions are free one-on-one private sessions with a professional career coach. A career coach listens to the student's concerns and recommends action steps following the meeting.

4

## ATTEND EVENTS

Visit the Events Calendar regularly to find Career and Internship Fairs and other networking events throughout the year.

5

## JOIN WEBINARS & WATCH VIDEOS

Career videos and virtual career workshops are available on a variety of career topics.
