

NACE Career Competency Analysis

Each student enrolled in EDLR 3091 is required to submit a written analysis of their professional competencies in alignment with the NACE Career Competencies. This analysis offers the opportunity for students to reflect on their learning throughout their internship, as well as demonstrate alignment between skill acquisition and skill articulation. Below are instructions for completing the assignment.

- 1) Review [NACE Career Readiness Competencies Overview](#) to familiarize yourself with the definition and sample behaviors for each competency.
- 2) Select THREE NACE Career Readiness Competencies that you believe you have developed this semester in the context of your internship and academic courses.
- 3) For EACH Career Readiness Competency compose a brief essay (approximately 250 words) that shares insight on your experiences developing the competency. Use the following prompts to guide your response
 - a) Share a situation during your internship in which you enhanced or developed this competency.
 - i) What was involved/what were you doing?
 - ii) What was the outcome of the learning that occurred?
 - b) Where do you see additional room to grow in building this competency?
 - i) What might be some opportunities for continued development as it relates to this competency?
 - c) How do you understand your development of this competency to be beneficial to your work in the sport industry?
 - d) Create two bullet points exemplifying this competency that you would add to your resume

Please note that in total, the narrative that you write regarding the NACE Career Competencies will be between approximately 750 words.

Rubric

Section	Score	Criteria
		Agency Analysis
Content and structure	40	Clearly responding to the assignment requirement (bullets & questions) excellent integration of in-depth personal reflection and previous learning experiences in sport management courses

	30	Responding to some of the assignment requirements (bullets & questions) adequate integration of in-depth personal reflection and previous learning experiences in sport management courses
	15	Missed most of the assignment requirements (bullets & questions) ; lack of integration of in-depth personal reflection and previous learning experiences in sport management courses
	0	Did not understand the assignment or did not include the content
