## **PROFESSIONAL EXPERIENCE**

### **Guaranteed Sun, LLC**

**November 2008 - Present**

#### **President and CEO**

Founder of sustainability consulting firm with an aim at building sustainable communities and businesses. Develops energy efficiency programs, Environmental Management Systems, conducts sustainability audits and provides other consulting services that helps build a company's triple bottom line.

- Developed sustainability platforms for green business communities.
- Provided analysis of existing green business programs for an environmental NGO called Sustainable Cherry Hill.
- Developed green business, sustainability and environmental educational programs.

### **New Jersey AmeriCorps Watershed Ambassador Program**

**September 2007 - August 2008**

**Watershed Ambassador** Administered fieldwork and environmental educational programs within the Rancocas Creek Watershed. Facilitated stream monitoring training and partnership programs.

- Received an award for organizing a cleanup of the Rancocas State Park, which involved about 100 volunteers and resulted in almost 50 tons of debris being removed from the park.
- Enhanced and increased the visibility of the Watershed Ambassador Program in the Rancocas Creek Watershed.

### **Dickie, McCamey & Chilcote, P.C.**

**September 2006 - August 2007**

#### **Associate Attorney**

Provided legal consulting in tort cases. Strengthened clients' cases through aggressive discovery and legal analysis.

- Reduced clients' litigation exposure through proactive consulting and keen analysis.

### **McCarter & English, LLP**

**February 2004 - August 2006**

#### **Associate Attorney**

Provided legal consulting for Fortune 500 corporations in complex commercial litigation and environmental disputes. Provided advice on a variety of business and litigation issues. Supervised work of legal staff on major projects.

- Developed proactive strategy in a contract dispute for a major client with a weak case, negotiating a settlement of \$30K where the exposure was close to seven figures.
- Legal consulting and analysis in high profile case led to a settlement of 10% of the initial exposure.

### **New Jersey Attorney General's Office**

**March 2001 - February 2004**

#### **Deputy Attorney General**

Provided legal consulting to state agencies on a variety of issues including environmental law, tobacco litigation and health care cases. Reviewed and provided recommendations for pending legislation and contractual arrangements.

- Secured the payment of over \$250 million from major tobacco companies.
- Commended for consulting plan that better implemented Tobacco Master Settlement Agreement and corresponding NJ laws, clarifying enforcement efforts; and commended for winning appeal that had low chance of success.

### **United States Army**

**August 1996 - August 2000**

#### **Test Control Officer (Captain) (1998-2000)**

#### **Platoon Leader (Lieutenant) (1996-1998)**

- Reviewed contracts, planned, organized and led relocation team resulting in 50% savings of time and resources.
- Implemented training program that improved testing section's performance and morale, which resulted in section improving from last to first place in less than six months.
- Developed budget program which had a 100% compliance rating with financial regulations.

## **EDUCATION**

### **University of Pennsylvania, Master of Environmental Studies, May 2010 (Expected)**

- Current GPA: 3.97/4.0 (with Distinguished Class Performance)
- Paper on Climate Change accepted for poster presentation at the Ecological Restoration Mid-Atlantic Conference
