HEALTH PROFESSIONS ADVISORY BOARD (HPAB)

...individualized HPAB Committee Letter that highlights an applicant's academic achievement, intellectual strength....

Many undergraduate institutions offer a letter from a pre-health committee in support of dental school applicants. At Penn, this committee is called the Health Professions Advisory Board (HPAB), and it is comprised of the Pre-Health Advising Team as well as University faculty and staff, to provide a holistic overview of each candidate who completes our process. Dental schools value the personalized insights the letters provide.

Penn has a large number of applicants to dental and medical school every year, so we have developed a systematic process that enables us to write a comprehensive Committee Letter for those who meet our deadlines.

After meeting with each applicant, the Pre-Health Advising Team writes a thorough, detailed, and individualized HPAB Committee Letter that highlights an applicant's academic achievement, intellectual strength, non-academic accomplishments, communication skills, maturity, fit for health care professions, service orientation, leadership and community engagement.

PRIMARY APPLICATION

ALLOPATHIC DENTAL SCHOOLS

If you are applying to allopathic dental schools (DMD), use the ADEA Associated American Dental School Application Service (AADSAS). The AADSAS contains the following:

- *Applicant Information*
- *Education*
- *Professional Experience*
- *Personal Statement*
- *Letters of Evaluation*

Initiate the AADSAS application by registering online. The earliest you can begin filling out the application for 2021 will be in mid-May 2020. Submissions begin in early June and we suggest submitting by mid-July.

TEXAS DENTAL SCHOOLS

Public Texas dental schools belong to a separate state application service called Texas Medical and Dental Schools Application Service (TMDSAS).

For the other non-AADSAS Schools, contact the school directly for application instructions.

PRIMARY APPLICATION

ACADEMIC RECORD

List all your courses according to the standards outlined by AADSAS. You will need a copy of your transcript(s) and need to follow the semester hours conversion instructions provided on the next page of this manual.

TRANSCRIPTS

Only the Office of the University Registrar (at Penn or any other university where you have completed coursework) can send your official transcript(s) to AADSAS.

1. Request an official Penn transcript online via PennInTouch. ***The addressee must be AADSAS.***
2. After completing the AADSAS "Colleges Attended" application section, download the "Transcript Request Form." *You must email the Transcript Request Form to the Registrar's Office on the same day of the PennInTouch request: transcripts@upenn.edu.*
3. The Registrar's Office will attach the form to your official transcript before sending it directly to AADSAS.

We recommend that you wait to request your transcript until your spring grades are added (with the exception of study abroad grades).

Make sure to review your unofficial transcript for errors before you place your request.

PRIMARY APPLICATION

SEMESTER HOURS CONVERSION

Applicants using AADSAS **must convert Penn course units to semester hours** for their applications.

1 credit unit = 4 semester hours

For example:

0.5 c.u. = 2 credit hours

1 c.u. = 4 credit hours

1.5 c.u. = 6 credit hours

If you have questions about converting your courses to credit hours, please contact the Office of the University Registrar: 215-898-6636

SOME KEY POINTS

- Use your best judgment in assigning a “course code” to each of the courses you have taken, based on the primary content of the course.
- Make an educated guess about the courses you will take the next year.
- List courses for which you received AP credit as if you took them in your first semester of college — be sure to designate them as AP in the “special designations” section.
- AADSAS will calculate several GPAs based on the information you enter — a BCP (Biology, Chemistry, Physics) GPA, a BCPM GPA (BCP plus math), a non-science GPA, and an overall GPA.

PRIMARY APPLICATION

WORK / EXPERIENCE SECTION

List and describe up to 15 of your most important extracurricular and co-curricular activities and awards.

You will be asked to highlight up to 6 activities to designate as your “most meaningful.”

Do not include high school activities without consulting your pre-health advisor.

TIPS FOR WRITING DESCRIPTIONS

- List the most appropriate (non-student) contact person.
- Explain your role, accomplishments, responsibilities and contributions.
- Provide what you learned and why it’s meaningful.
- Review the tone and content of the Expanded Resume sample provided on AMS to assist you in writing your own descriptions.

PRIMARY APPLICATION

PERSONAL STATEMENT

You will write an essay that details one or two adult (not childhood) experiences, in which you were an active participant.

The Personal Statement illustrates qualities that make you a strong candidate.

- ✓ Strive for a unifying theme.
- ✓ Provide detailed and concrete examples.
- ✓ Convey your maturity and capacity for self-reflection.
- ✓ Convey your commitment to dental medicine and your "fit" for the profession.

In order to have your personal statement reviewed by your advisor, you must first upload the document to your Handshake account and then request a "*Pre-Health Personal Statement Review*" appointment via BlueJeans video conference.

**Final day to request your
Personal Statement review
May 22**

PRIMARY APPLICATION

WHERE TO APPLY

SOME KEY POINTS

Apply to a full range of schools in terms of selectivity.

- Use the national statistics in the *ADEA Official Guide to Dental Schools* and/or the *ADEA Dental School Explorer* database for some indication of how competitive a school is likely to be.
- Consider in-state vs. out-of-state admit ratios — State schools often give preference to residents, and generally charge residents less for tuition.
- Consider the number of schools to which you are applying — Though you can apply to more schools, up to 12 is a reasonable number.
- If you are having trouble developing a reasonable list, or would like to discuss your tentative list of schools, please speak with your pre-health advisor.

Penn-specific admissions statistics are available on the *Apply to Health Professions School* page the Career Services website and in the Career Service Library.

WHERE TO APPLY

ADEA OFFICIAL GUIDE TO DENTAL SCHOOLS

Available in the Career Services library, as well as online at <https://www.adea.org/officialguide/>

-  Statistics on the range of GPAs and DAT scores for admitted students.
-  Admission ratios and tuition for in-state vs. out-of-state applicants.
-  Detailed information on school curricula.

ADEA DENTAL SCHOOL EXPLORER

Available in the Career Services library, as well as online at <https://dentalschoolexplorer.adea.org/>

Based on the *ADEA Official Guide to Dental Schools*, this tool contains the profiles of the 76 U.S. and Canadian dental schools featured in the printed edition — all searchable by key word and filterable by institution type, targeted entering-class size, DAT Total Science score (mean), Science GPA (mean), and location (state, territory or province).

STANDARD COMPONENTS OF SECONDARIES

- Write additional essays.
- List the courses you have taken which satisfy the school’s requirements.
- Pay an additional fee.
- Submit Letters of Evaluation.

LETTERS OF RECOMMENDATION

In addition to your HPAB Committee Letter, dental schools require that you submit letters of recommendation as a part of your application.

Some dental schools prefer 4 letters and/or prefer a letter from a dentist you have shadowed. *Make sure to check the requirements or recommendations of each individual dental school.*

The HPAB Committee requires that you send a minimum of 3 letters and may send a maximum of 6.
