Methodology

Career Services at the University of Pennsylvania annually surveys graduating students to provide a snapshot of their post-graduation plans.

This report looks at 683 graduates from the schools listed above who received their degrees between August 2018–May 2019. Students were surveyed up to six months from their graduation date, with a 23% response rate. Additional information was then collected via LinkedIn and other sources, bringing the total knowledge rate up to 43%, a total of 293 known graduate outcomes.
