

Online Job Search Site Analysis Assignment

Using provided resources for guidance, student identifies and provides critique of four online job search sites (general and/or “niche”) most relevant to his / her career interests.

Assignment goals:

1. Student will explore the use of four online job search sites carrying jobs of interest
2. Student will compare and contrast the job search sites in a 400-500-word essay

Resources for student use:

- *Resource* page on our Career Connections website:

<https://careerconnections.twu.edu/resources/>

- [TWU Connect/Handshake](#), [Indeed](#), [Glassdoor](#), [Simply Hired](#) are all general job search websites, if you are looking for industry specific websites, consult professional organizations or Google

Essay prompts:

1. Which four job search sites did you choose to analyze and why?
2. What about each site did you like the most and why? What about each site did you not like and why?
3. When conducting similar searches across sites, what differences did you see in the results?
