1. Write the five words you chose as most important on About Me #2 in the first column of the tables below.
2. Fill in the 'Option' line with a major or career you are considering.
3. Rate the career on how much it fulfills the ideas of each of the five words you listed by shading in the, "Empty" to "Full" rows accordingly.
4. Repeat for another career you are considering using the second table. Create more tables on your own as needed to repeat for additional careers you are considering.
