EXPERIENTIAL LEARNING

During their time at UNL, many students report undertaking career-related experiences, including internships, coops, volunteer experiences or other service opportunities, research, and practicum experiences, and others. These opportunities may be paid or unpaid, for-credit or not-for-credit. If you have had one or more such opportunities, please use the button below to report it to the University.

No Data Found

The Form will open in a new window. Enter the information as appropriate and click submit. If you have not had an experience, select “No” for the first question and submit the form.

Experience Survey

This survey is to understand UNL student participation in activities related to professional goals to better support students in their efforts and make improvements going forward.

The information you provide helps prospective and current students learn about experiences and majors and directly impacts the institution's accreditation and academic rankings, therefore influencing the future value of your degree.

Do you have a recent experience to report? ^{*required}
